Green Course

6,000 people die everyday and half of the world's poor are sick at any given moment from the same cause- water-related related illnesses.

2008 Peninsula Campaign

Water For People Workplace Giving Campaign

May 12 – 16, 2008

The Problem:

Every 15 seconds, a child under the age of five dies needlessly from a water-related illness. In an era of high-tech superiority, more than half of the people in the developing world are sick from the same cause – water-related diseases.

How We Can Help:

Water For People (*www.waterforpeople.org*) helps people help themselves to build simple, safe drinking water supplies according to their social and economic needs.

The employees of ***Newport News Waterworks*** in cooperation with employees of businesses throughout the Peninsula are collecting money during the week of May 12 to donate to ***Water For People*** to assist in their efforts to provide safe drinking water to save these children and people throughout the world.

Please print your name below and your office donation coordinator will collect your tax-deductible gift of support. Make checks payable to ***Water For People****. Office Coordinators should deliver donations to Newport News Waterworks Customer Service Office, 700 Town Center Drive, 1st floor (8:00-5:00 p.m.) during the week of May 12th and no later NOON on Friday May,16.*
